Instructions for Submitting a Form D Notice

General Instructions

Who must file: Each issuer of securities that sells its securities in reliance on an exemption provided in Regulation D or Section 4(6) of the Securities Act of 1933 must file this notice containing the information requested with the U.S. Securities and Exchange Commission (SEC) and with the state(s) requiring it. If more than one issuer has sold its securities in the same transaction, all issuers should be identified in one filing with the SEC, but some states may require a separate filing for each issuer or security sold.

When to file:

- o An issuer must file a new notice with the SEC for each new offering of securities no later than 15 calendar days after the "date of first sale" of securities in the offering as explained in the Instruction to Item 7. For this purpose, the date of first sale is the date on which the first investor is irrevocably contractually committed to invest, which, depending on the terms and conditions of the contract, could be the date on which the issuer receives the investor's subscription agreement or check. An issuer may file the notice at any time before that if it has determined to make the offering. An issuer must file a new notice with each state that requires it at the time set by the state. For state filing information, go to www.NASAA.org. mandatory capital commitment call does not constitute a new offering, but is made under the original offering, so no new form D filing is required.
- o An issuer may file an amendment to a previously filed notice at any time.
- o An issuer must file an amendment to a previously filed notice for an offering:
 - to correct a material mistake of fact or error in the previously filed notice, as soon as practicable after discovery of the mistake or error;
 - to reflect a change in the information provided in the previously filed notice, except as provided below, as soon as practicable after the change; and
 - annually, on or before the first anniversary of the most recent previously filed notice, if the offering is continuing at that time.

When amendment is not required: An issuer is not required to file an amendment to a previously filed notice to reflect a change that occurs after the offering terminates or a change that occurs solely in the following information:

- the address or relationship to the issuer of a related person identified in response to Item 3:
- an issuer's revenues or aggregate net asset value:
- the minimum investment amount, if the change is an increase, or if the change, together with all other changes in that amount since the previously filed notice, does not result in a decrease of more than 10%;
- any address or state(s) of solicitation shown in response to Item 12;
- the total offering amount, if the change is a decrease, or if the change, together with all other changes in that amount since the previously filed notice, does not result in an increase of more than 10%:
- the amount of securities sold in the offering or the amount remaining to be sold:
- the number of non-accredited investors who have invested in the offering, as long as the change does not increase the number to more than 35;
- the total number of investors who have invested in the offering; and
- the amount of sales commissions, finders' fees or use of proceeds for payments to executive officers, directors or promoters, if the change is a decrease, or if the change, together with all other changes in that amount since the previously filed notice, does not result in an increase of more than 10%.

Saturdays, Sundays and holidays: If the date on which a notice or an amendment to a previously filed notice is required to be filed falls on a Saturday, Sunday or holiday, the due date is the first business day following.

Amendment content: An issuer that files an amendment to a previously filed notice must provide current information in response to all items of this Form D, regardless of why the amendment is filed.
